We present a charming cave house located in the picturesque village of Cúllar, just 30 km from the historic city of Baza, famous for its weekly Wednesday market. This cozy village offers a variety of services, including gas stations, bars, restaurants, schools, a secondary school, banks, pharmacies, and a hospital, all in a flat environment that facilitates pedestrian traffic.

This unique property stands out for its cave in excellent habitable condition, ideal for those seeking a different, comfortable experience far removed from the conventional real estate market. Access to the house is direct and accessible by car, providing great convenience.

In front of the house, we find a large plot of approximately 200 square meters, offering an ideal space to enjoy the outdoors. Upon entering, we are greeted by an impressive entrance that reveals part of the cave structure, creating a unique and welcoming atmosphere.

Inside, the large living room with a fireplace invites you to relax, while the kitchen is designed for functionality and comfort. The house has three bedrooms, one with an en-suite bathroom, as well as a small living room and hallway that harmoniously connect all the spaces.
