Cullar de Baza

€98,000

We present this beautiful house - cave in the town of Cullar 30 km from the important city of Baza with market week on Wednesdays. With all the services; gas station, bars, restaurants, schools and institutes, banks, hospital pharmacies, the town is very flat and therefore easily walkable for pedestrians.

This house is characterized by having a cave in perfect living conditions for clients looking for something different, comfortable but different from what the real estate market normally offers. The property is accessed directly by car. In front of the house we have a plot of about 200 meters, The main access is impressive since we find part of the cave house. The first thing we have when passing the door is the large living room with fireplace, kitchen, 3 bedrooms, living room and distributor, one of the bedrooms with bathroom (en suite.)

It is a unique home that, due to its location and characteristics, makes it a charming house. Part of which is cave and another part new construction. It is very well designed, with taste and detail. This extraordinary home we recommend to visit.

Bedrooms: 3

Bathrooms: 2

Light: yes

Water: yes

Constructed area: 110m²

Price: € 98,000
