On the first floor we have a living room from where we access 3 bedrooms, kitchen, terrace and porch. The house is in perfect condition to live in, all the rooms are very spacious and bright, the state of the house is that of typical Andalusian town houses with thick walls, Arabic tile roofs, high ceilings, due to the materials used they have a natural insulation that makes them stay warm in winter and cool in summer and also these materials such as stone, clay, wood, also make these homes much healthier for the people who live in them. Access to this property is excellent having a parking area next to the house, if you want you can make a parking in the backyard or a garage, the property is in the center of town so it is next to everyone the services necessary for daily life such as shops, bakery, butcher, school, doctor, pharmacy, bars, sports and leisure center, town hall, etc. and 10 minutes by car we have Purchena and Olula del Rio where we find all kinds of services such as banks, supermarkets, 24-hour emergencies, etc.
